

Hickory Collaborative RIBN

(Regionally Increasing Baccalaureate Nurses)

Admission Requirements- FALL 2023

Lenoir-Rhyne University and Catawba Valley Community College

Admissions Information

Thank you for your interest in the Hickory Collaborative RIBN program. Students admitted to Hickory RIBN must meet dual admission requirements set forth collaboratively by Lenoir-Rhyne University (LRU) and Catawba Valley Community College (CVCC). Please read this information thoroughly.

About RIBN

The Hickory RIBN program is a four-year nursing option that will dually admit and enroll students to both LRU and CVCC. This program provides a seamless associate to baccalaureate nursing education for top academic students. The first three years of study will be at CVCC's campus along with one course per semester at LRU. Upon successful completion of the first three years, students will take their fourth year at LRU provided they pass the National Council Licensure Examination (NCLEX- RN).

RIBN Transfer Option

RIBN also offers a three year transfer option for students with 26 or more transferable college credits. If you have 26 or more transferable college credits from an accredited college/university and are interested in RIBN, please see Part Two of this document (page 4). Note: Regardless of how many college credits earned while in high school, seniors in high school should apply as traditional students, NOT transfers.

Early College, Middle College, and High School students with 26+ CCP Credit

Early College, Middle College, and high school students who have already taken many of the required sciences will be handled on a case by case basis. Please contact Margaret Shreitah at 828-328-7213 or Margaret.Shreitah@lr.edu to discuss your options. *Entering the RIBN program with too many credit hours can impact financial aid.*

Other Programs

Please note that Catawba Valley Community College (CVCC) and Lenoir-Rhyne University (LRU) also have traditional two-year and four-year nursing education tracks. Each of those options has a separate admissions process from the RIBN nursing option. If you wish to apply for either of those traditional tracks, you must complete the individual admissions process for CVCC or LRU track, and meet the admissions criteria for that specific nursing track.

PART 3: ADDITIONAL INFORMATION FOR ALL APPLICANTS

1. North Carolina Residency

Preference is given to North Carolina residents. Applicants who (1) have lived outside NC during all of the 12 months immediately preceding the start of the fall semester or (2) are claimed as a dependent by a parent/guardian who is not a NC resident are generally not considered to be NC residents. Applicants will complete the North Carolina Residency Determination Application at www.ncresidency.org or in the CFNC application for admission. Residency status will be determined by the North Carolina residency determination service.

2. United States Citizens

Students who are not citizens of the United States pay out of state tuition in accordance with the State Board of Community Colleges (1D SBCCC 400.2 (b)). In addition, federal law prohibits states from granting professional licenses to undocumented immigrants.

3. Criminal Background Check and Drug Screening

Prior to starting nursing, students will be given directions on completing a Background check/ Drug Screening. Carefully read the information below regarding background checks, drug testing, and the result of a negative background check. Applicants may only use CastleBranch, a background screening and compliance management company, for background check/drug screenings.

- Clinical facilities will require students to undergo criminal background checks and drug testing.
- The student will be required to pay fees associated with these screenings.
- Clinical facilities may refuse access to clinical experiences based on the criminal background checks and/or drug testing.
- If any clinical facility refuses to allow a student access to a clinical experience, **the student will be unable to continue in the program.**

4. Class Schedule/ Length of the RIBN Program

The traditional four year RIBN program is ten semesters over the course of four years. See Appendix C for the 2022 curriculum guide (subject to change for Fall 2023). The transfer track allows students to complete the program in eight semesters over the course of three years. Schedules will vary for each transfer student depending on previous coursework taken.

5. Program Costs

See Appendix D for a current cost breakdown of the program. Cost will vary for transfers and high school students who come in with previous college credit (dually enrolled while in high school/ middle and early college/ Advanced Placement credit).

6. Financial Aid

While dually enrolled at LRU and CVCC, students will apply for financial aid at CVCC. All applicants are encouraged to apply for financial aid by completing the Free Application for Federal Student Aid (FAFSA.ed.gov). For information about financial aid, contact the Office of Scholarships and Financial Aid online, by email at financial_aid@cvcc.edu or by calling at 828-327-7000, ext. 4860. *Students are not eligible for financial aid at LRU until their last year in the program.*

7. Paying for Courses at LRU

Because students are not eligible for financial aid at LRU while dually enrolled, LRU tuition must be paid out of pocket. Students have the option of going on a monthly payment plan at LRU or applying for a private alternative loan (ex: Sallie Mae, Wells Fargo Student Loans). CVCC does not participate in the federal loan program, so

students are not eligible for Federal Student Loans while dually enrolled. Students MAY apply for a federal loan their last year in the RIBN program when they apply for financial aid through LRU.

8. **Technology Needs**

Coursework requires ready access to a reliable computer with Word, PowerPoint, Excel and internet access. Students are assigned a CVCC email address following their **application activation email to admissions@cvcc.edu**. It is the responsibility of the student to open his/her email account and read it frequently as the College provides crucial program information through this email account.

9. **Readmission Policy**

The following readmission policy applies to students who receive an unsuccessful grade in the nursing program, or who voluntarily withdraw from the program. Unsuccessful grades are defined as “D”, “F”, “WP”, “WF”, or “AU”.

- If a student receives an unsuccessful grade in the RIBN program, s/he may not proceed to any subsequent course which has the course in question as a prerequisite. S/he must repeat the course in question before proceeding to the next higher course in the program.
- Most RIBN courses are offered only once annually.
- Since a new class of students is admitted to each program annually and because of the competitive nature of the program in question, it will be necessary for students who have received an unsuccessful grade in a major course during their first semester to reapply for readmission to the program for the following fall.
- Readmission of students who have progressed beyond the first semester, but who have been unsuccessful in a subsequent semester, is dependent upon space availability in the class, demonstration of proficiency in a variety of clinical procedures, and other issues pertinent to reentering students. You will be required to meet with the Nursing Directors/Department Head/Chair for specific readmission guidelines.
