

FINAL EXAM SCHEDULE - FALL 2026

- Find your normal class meeting time on the following chart to determine the date and time of your final exam block.
- Faculty may not move their final exam period without permission from their dean. This should only occur in highly unusual situations and with as much notice to students as possible. The dean will notify the Dean of Students and the Assistant Provost for Undergraduate Education when class final exam modification is granted.
- All classes are required to meet as scheduled during the final exam period, either for final exams or for alternate learning experiences. This time is needed to meet the required instructional hours to award credit as measured by the Carnegie unit.
- Students scheduled for three or more exams in one day are allowed to reschedule one exam. It is the student's responsibility to arrange for such scheduling with one of their instructors at least two weeks in advance of the first day of exams. It is the faculty member's responsibility to accommodate this request. Any other requests by students for alternate exam times should be for exceptional circumstances only and are allowed only with faculty permission
- Make-up exams are the last day of the final exam schedule.
