DNP 670 DNP Scholarly Project I	2
DNP 680 DNP Scholarly Project II	3
DNP 690 DNP Scholarly Project III	2

*The courses above are intended to represent the most current degree requirements for this program. The University Catalog, however, is the ultimate and final authority for all degree-related requirements. Current students should follow the curriculum requirements stated in the University Catalog under the academic year they matriculated to Lenoir-Rhyne as a graduate student, which may be different than the list above. Please refer to the University Catalog for a complete listing of all graduation requirements and/or confer with your Academic Advisor.*

**SPECIAL NOTE: LR Undergraduate Students participating in an approved Bridge program must satisfy the minimum required hours for the respective graduate program and must earn a minimum of 150 cumulative credit hours, both undergraduate and graduate, in order to successfully complete both degree programs. Students who wish to complete graduate programs which require less than 34 credit hours must pay particular attention to this requirement.**
